For all out-of-zone families expecting to enrol a child at Tamahere Model Country School in 2024, our annual ballot for Out-of-Zone placements is open until 3.00pm on **Friday 6th October 2023**. Please note if you are out-of-zone, even if your child is a sibling of a current student, you have to be in the ballot to have a chance of your child being enrolled at our school in 2024. ## Hats In Term 4:

Just a friendly reminder that **hats are required for outside play in Term 4**. Can you please ensure your child comes to school with a school hat.

It is a great time to organise for children's names (first name and first letter of surname) to be embroidered on the back of their school hats. This costs only \$8.00 each! Not only is this an extremely competitive price, but the investment in purchasing only one hat and eliminating the need for several replacements more than pays for itself.

This is not just for brand new hat purchases but existing hats too! To be included in time for Term 4, please bring your child's hat to the school office with your \$8 payment (or order a new one for a total of \$28). This can take between 1-2 weeks, so please order as soon as possible.

## YUMMY STICKER SHEETS

If you have any **FULL YUMMY STICKER SHEETS**, can you please **RETURN THESE TO THE SCHOOL OFFICE TOMORROW**, so that we can send them off to claim our free sports equipment.

The more you collect, the more sports gear we can receive.

Thank you for your continuing support.

Continue collecting until the end of Term 3 2024 when we will send them away again.

### City Cluster Cross Country

On the 14th of September 33 children from years 4-6 competed in the City Cluster Cross Country event at the Hamilton Gardens. The track was 1km long, some uphill and some down hill and it was a difficult track. We had to run the course 2xs. Tamahere children did incredibly well in all six races. Our runners all did really well in every race with many children coming in the top 10, which is a great achievement as there were between 38 and 45 children in each race. A huge congratulations to Isabelle M, who won the Year 5 race and to Dylan H, who won the Year 4 race.

Nearly all of the Tamahere kids said after their race the hill was deadly because it was steep, long and burned your energy very fast. Tamahere had a good team spirit and we were really good at cheering. Some of us nearly lost our voices. All of us were very competitive in our races, which was awesome. The conditions for the event were perfect; the weather was a bit chilly and sunny but in the afternoon it finally warmed up.

We would like to thank all the parents that drove us to the Hamiltons Gardens, to make sure we got there safely to compete. Also a big thank you to the parents for helping with the marshalling on the course. We really appreciate all your support during the event. You were enthusiastic spectators! A big thank you to Charlie L, who was injured on the day and was an awesome support to the team. Thank you to Mrs Copponi for organising us for the event.

# *Fairyland* is finally happening...*(it's a work in progress)*

*With the expertise of Mr Wickens and the keen gardeners from Rimu 7, we have made a start on our long awaited fairygarden. What we would love from our community is **fairy houses.***

*It could be a project you can do together over the holidays. Ideally the house needs to withstand rain and sun, but we can bring them inside each day. Also we would love some wee houses (like the pictures or similar) to go in fairyland, that are built by you and painted by you.*

*If you do have a fairyhouse to gift to the school, come and pop in to see me in Rimu 7 and we can place it together next term.*

*Thank you everyone*

## Tamahere Enviro Gully Trip

Last Rāmere, a group of Enviro Warriors went on an expedition down to the Tamahere gully as part of their project-based learning around the tuna eel. We discussed how we can be Kaitiaki of the local gully and contribute to saving the habitat of the tuna.

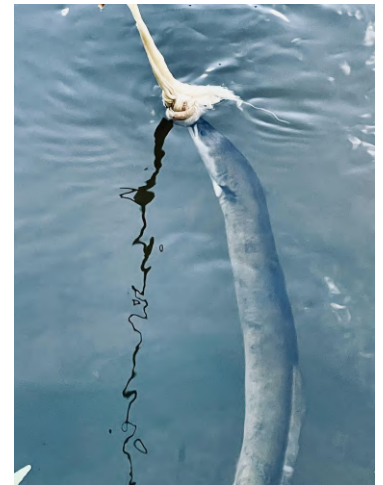

The expedition started with Leo Koppens sharing all the mahi he has carried out, as the kaitiaki of our gully, including planting many natives. Next as a follow-up from our talk with Scientist Jacques Boubee, we were able to observe the tuna in its natural habitat.

As tuna have small rows of small sharp teeth that point backwards, we observed them as they bit into our muslin cloth. We learnt that tuna have slime that helps protect their skin out of water. Young eels are called elvers and some can climb 40 metre high obstacles.

We discussed how manmade culverts in the gully can have an impact on their natural habitat, as they sometimes can not climb up the culverts. Our next step is to look at planting in the Tamahere gully, water quality sampling and a simple step of removing rubbish in our school and Reserve area that could end up in our gully waterways.

Thank you to our fantastic parent helpers who joined us.

### K2's Garden Work

Over the last couple of months, Kauri 2 has been upgrading the school's lizard garden. This is what we have done. First, we started weeding. Once the weeds were removed, we started to prune the overgrown plants. Then K2's awesome gardeners started placing logs, building bark homes, planting greenery, watering the shrubs and spreading woodchip all around the garden, all for the hope of reopening the lizard garden to the whole school. Kauri 2 hopes you can make your garden a nice place for creatures to inhabit, too. Here are some tips to help you transform your garden:

1. Every spring turn up your soil and plant fresh seeds in the turned up soil.
2. Think about putting in raised garden beds; don't forget to turn up the soil in them, then plant some seeds in them. We will be giving out some seeds that we will not plant. Please ask us on Seesaw or K2 if you would like to adopt some seeds.

## K2 Lizard Garden

During the past couple of months we have been working tremendously hard on our lizard garden and we would like to share it with you. On our very first day we learned how to take care of the garden. Then we made wood and bark homes for the lizards and we made a marshmallow woodpit. We also planted seedlings, then looked back at what we had done. The next things we'll be taking care of the baby seedlings. We're going to need water, sunlight and time. We're very excited to see how our work turns out. Please help by showing our school visions so you can come and enjoy the lizard garden with us. We hope you have enjoyed K2 telling you all about the garden. This writing was made from the heart of the garden. 🌱🌴

## Clothe Our Kids - Pyjama Day

Clothe our Kids – Waikato's mission is to provide needy Waikato children with good quality second-hand clothing. By filling this need they can help ensure these children are clothed and warm while helping reduce the financial pressure on their parents.

To support Clothe our Kids – Waikato, and the children and families in our community, on **Friday 20th October** our children can wear their pyjamas to school. If you have any pyjamas, dressing gowns or other items of clothing in good used condition your children no longer need, please bring these to donate to this cause, or cash donations are also welcome. A great chance to clear out the cupboards!

There will be bags for the donations in each classroom, or if you have any bulk lots you wish to donate, these can be dropped off at the office please.

If you want to know more about how you can help, please visit the website [www.clotheourkidswaikato.co.nz](http://www.clotheourkidswaikato.co.nz)
